## **DETAILED ACTION**

### ***Priority***

This application claims benefit for foreign priority under 35 U.S.C. § 119(a)-(d) to Japan 2002-208878 07/17/2002, however the certified copy of priority document has not been received or made part of the file. Therefore, any priority claim to this document has not been perfected.

### ***Status of Claims***

Claims 1-34 are currently pending in the application.

Receipt is acknowledged of amendment / response filed on June 06, 2007 and that has been entered.

Claims 31 and 32 are withdrawn from further consideration pursuant to 37 C.F.R. 1.142 (b) as being drawn to a non-elected subject matter.

### ***Information Disclosure Statement***

Receipt is acknowledged of Information Disclosure Statement (IDS), filed on 04/25/2007, which has been entered in the file.

### ***Response to Election/Restriction***

In response to the restriction requirement, Applicants have elected Group I, [which includes claims 1-30, 33 and 34 drawn to a compound of formula (I)] and the elected species as set forth found in Example 46 (Remarks, page 1) is acknowledged. Because Applicants did not distinctly and specifically point out the supposed errors in the restriction requirement, the

election has been treated as an election without traverse [MPEP 818.03(a)] and therefore, the requirement for restriction is still deemed sound and proper.

Applicants preserve their right to file a divisional on the non-elected subject matter.

As set forth in the restriction requirement and an election of a single compound (or set of compounds), the scope of the invention which has been examined, inclusive of the elected species is as follows:

A compound of the formula (I) wherein:

R<sup>1</sup> and R<sup>3</sup> are as claimed,

R<sup>2</sup> is as claimed except “-NO<sub>2</sub>”

R<sup>4</sup> is as claimed except “hydrogen”,

R<sup>5</sup> is as claimed and

R<sup>12</sup> is as claimed except “hydrogen”.

As a result of the election and the corresponding scope of the compound identified, claims 31 and 32 and the remaining subject matter of claims 1-30, 33 and 34 are withdrawn from further consideration pursuant to 37 CFR 1.142 (b) as being drawn to non-elected inventions. The withdrawn subject matter of claims 31 and 32 is properly restricted as it differs materially in structure and in element from the elected subject matter supra so as to be patentably distinct there from.

### ***Objections***

Claims 1-30, 33 and 34 are objected to for containing non-elected subject matter. The claims should be amended to exclude non-elected subject matter and within the scope of elected compound.

The superfluous word "novel" (recited in claim 1, page 5, line 1 and also in all other claims) should be deleted.
